

Application for Neilom Fellows

The Neilom Foundation's **Neilom Fellows** Program seeks to publicly recognize, reward and celebrate engineering students at the Junior level and above who exhibit excellence in creating positive social change. Those who will be considered for Neilom Fellows demonstrate many of the following criteria:

- Exhibiting excellence in scholarship, including any course in the general area of Impact for Social Change, Engineering for Social Change, Entrepreneurship for Social Change or similar.
- Having an active interest in creating impactful solutions to reach all of humanity.
- Appreciating the cultural, economic and social global impact of engineering.
- Demonstrating past or current involvement in outreach, volunteering and/or community service.
- Showing a desire to be an active member of a community of young people who are inspired to create positive social impact.

If selected, Neilom Fellow awardees will:

- Join our community of socially-minded young people known as Neilom Fellows.
- Be provided opportunities for summer internships at nonprofit organizations.
- Receive an award plaque and check in the amount of \$250.
- Be profiled on the Foundation's website and social media along with other Neilom Fellows.
- Be eligible for financial support for projects within the Fellows community.

To apply to become a Neilom Fellow, please email your application to **applications@neilom.org**. Your application should be no more than one page, and include the following:

1. A statement of any previous, current or planned activities that positively impact society. These may include volunteering efforts, camps, classes, nonprofit internships or any other relevant experiences.
2. A statement of your current and future interest in creating positive social impact. Include any specific issues important to you that you may either be currently working on or want to address with future efforts.
3. Why you believe you should be chosen to join the Neilom Fellows community.
